

16-port switch with optical module

Overview

This switch provides 16 x 10/100/1000BASE-T ports, ports 1 to 8 PoE/PoE+ supported, 2 x 1GE SFP uplink ports, rich interfaces, supporting full service expansion. It built-in 160W power supply and 1U/19" cabinet installation. The ONV-POE56168PFM-4TF is a 10G uplink managed PoE switch independently developed by ONV. Each port can support wire-speed forwarding. The BP-SWM8G8F01 has L2+ full network management function, supports IPV4/IPV6 management, static route full.

□Management Features□This Industrial 16-Port Ethernet Gigabit Switch with 4 SFP Optical Fiber Ports supports connecting USB-C ports for easy management, without the need to access the RS232 serial port at all. □Wide Range Power Input & Redundant Power. Various port combinations, rate increase, installation in a concealed telecommunication box, recommended for indoor use, aesthetically pleasing design, and security The Ethernet architecture and novel Fiber-to-the-Room (FTTR) deployment delivers 1G fiber-to-the-room access. Sixteen auto-negotiating 10/100/1000 Mbps ports send data via Cat5e/6/6a/8 cable only to the computers, routers, hubs and other devices designated to receive it, which improves the efficiency and potential.
