

Aluminum Alloy Cable Trays in Nepal

AI Overview

Aluminum alloy cable trays in Nepal are lightweight, corrosion-resistant, durable, and available in various sizes and finishes suitable for commercial and industrial applications. Material and Durability Aluminum cable trays are made from high-quality aluminum alloys, offering lightweight construction for easy handling and installation while maintaining strong support for heavy cables. They are corrosion-resistant, making them suitable for harsh environments in Nepal, and require minimal maintenance over their lifespan. The trays also provide good electrical conduction and help reduce strain on building structures. Types and Designs Aluminum cable trays are available in multiple designs to suit different applications: Ladder Type: Provides maximum ventilation and is ideal for heavy-duty cables. Perforated Type: Allows air circulation to prevent overheating of cables. Solid Bottom: Offers full protection for sensitive cables. These trays are designed for flexible layouts, allowing adaptation to commercial complexes, industrial plants, telecom centers, and data hubs. Dimensions and Standards Common specifications for aluminum cable trays in Nepal include: Height: 25mm, 40mm, 50mm, 75mm, 100mm Width: 40mm, 50mm, 75mm, 100mm, 150mm, 300mm, 450mm, 600mm, 750mm, 1000mm Standard Length: 2500mm Thickness: 1.2mm to 3mm Finish Options: Pre-galvanized, powder-coated, painted, or hot-dip galvanized; stainless steel options (SS 202/304/316) are also available. These dimensions allow for versatile installation and support for various cable loads. Applications Aluminum cable trays are widely used in: Commercial buildings Industrial plants Power plants and substations Telecom and IT infrastructure They help maintain organized cable routing, improve safety, and extend cable life by preventing overheating and mechanical damage. Installation and Maintenance The trays are easy to install due to their lightweight nature and modular design. They require practically no maintenance after installation and are designed to support he...
