

American Aerial Fiber Optic Cable Manufacturer

AI Overview

Leading U.S. manufacturers of aerial fiber optic cables include AFL, Incab America, Proterial Cable America, and Corning, each offering specialized solutions for utilities, telecommunications, and high-performance networks. Key Manufacturers

1. AFL Telecommunications LLC AFL, headquartered in Spartanburg, South Carolina, is a major U.S. manufacturer of aerial fiber optic cables, including OPGW, ADSS, SkyWrap, and MASS cables. They provide end-to-end solutions for the energy and utility sectors, including supporting hardware, fusion splicers, and test equipment. AFL is particularly strong in utility and electric grid modernization projects, making them a top choice for large-scale infrastructure applications.
2. Incab America LLC Based in the U.S., Incab America specializes in aerial fiber optic cables, including ADSS and OPGW. They supply directly to construction companies, integrators, and large operators in telecommunications, power, and industrial sectors. Incab emphasizes custom design, reliability, and full support services, from classroom training to field installation.
3. Proterial Cable America Proterial Cable America manufactures high-performance fiber optic cables in the U.S., designed for durability, high-speed internet, and harsh environments. Their product line includes simplex, multi-fiber, and armored cables suitable for aerial deployment and hyperscale applications. They are known for BABA-compliant cables and a lifetime warranty, reflecting strong quality and reliability standards.
4. Corning Incorporated Corning, headquartered in Corning, New York, is a globally recognized leader in fiber optics. They produce high-density, low-loss optical fibers suitable for aerial and utility applications. Corning's innovations, such as SMF-28® Contour™ Fiber, support hyperscale data centers and government infrastructure projects, making them a preferred choice for critical U.S....
