

Belgian optical cable pre-embedded pipe manufacturer

AI Overview

Kabelwerk Eupen AG and B-Cables are leading Belgian manufacturers and suppliers of optical cables and embedded pipe solutions. Kabelwerk Eupen AG (Eupen Cable & Eupen Pipe) Kabelwerk Eupen AG is a well-established Belgian company with over a century of experience in cable manufacturing. Their Eupen Cable division produces high-quality power and communication cables, including fiber optic cables, copper telecommunication cables, coaxial cables, and hybrid cables, meeting both national and international standards. The Eupen Pipe division offers a broad range of PVC and polyethylene pipes suitable for gas, water, wastewater, and cable protection applications, including embedded optical cables. Their products are recognized for temperature resistance, durability, and compliance with safety standards, making them suitable for both industrial and infrastructure projects. Kabelwerk Eupen AG emphasizes quality, reliability, and timely delivery, serving customers in over 70 countries. B-Cables B-Cables is a major distributor and manufacturer in the BENELUX region, producing a wide range of telecommunication, data, and energy cables, including fiber optic solutions suitable for indoor and outdoor installation. Their product lines, such as Smart ∞ Fiber, are designed for easy installation in embedded pipe systems, and they comply with high EN and ISO standards. B-Cables also provides halogen-free, water-resistant, and mechanically robust cables, suitable for public lighting, traffic control, and industrial applications. The company operates with in-house production control and offers extensive technical support, making it a reliable partner for network operators, installers, and infrastructure projects in Belgium and neighboring countries. Additional Considerations Both companies provide customized solutions for fiber optic deployment, including protective conduits and e...
