AI Overview

Cambodia is expanding its fiber optic infrastructure through both domestic land networks and its first state-owned submarine cable to Hong Kong, enhancing national and international connectivity. Domestic Fiber Optic Expansion Cambodia Fibre Optic Communication Networks Co., Ltd (CFOCN), a subsidiary of Shenzhen-based HyalRoute Group, has proposed a major project to install underground fiber optic cables across nine provinces: Kandal, Kampot, Kampong Speu, Kampong Thom, Kep, Sihanoukville, Koh Kong, Takeo, and Svay Rieng .
