

Cost of Fire-Resistant Galvanized Cable Trays

AI Overview

Fire-resistant galvanized cable trays typically range from \$50 to \$150 per meter, depending on material, fire rating, and load capacity.

Product Overview Fire-resistant galvanized cable trays are designed to support and protect electrical cables during fire events, preventing collapse and limiting flame spread. They are commonly made from hot-dip galvanized steel with fire-resistant coatings or double-layer covers, often tested to withstand 60–120 minutes of fire exposure at high temperatures (up to 1050°C) and comply with standards such as ISO 834-1, EN 1363-1, DIN 4102-12, and AS/NZS 3013:2005. These trays are suitable for industrial, commercial, and high-risk environments where fire safety is critical.

Pricing Factors The cost of fire-resistant galvanized cable trays depends on several factors:

- Material and Coating:** Hot-dip galvanized steel with fireproof coatings is standard; stainless steel or powder-coated options may increase cost.
- Fire Rating:** Higher fire resistance (e.g., 2-hour rating) increases price.
- Tray Type and Dimensions:** Ladder, perforated, or solid-bottom trays with widths of 150–300mm and lengths of 3 meters are common; load capacity (e.g., 10–50 kg/m) affects pricing.
- Supplier and Quantity:** Bulk orders can reduce unit cost by 15–30%, while custom sizes or specialized coatings may increase it.
- Installation and Accessories:** Hangers, brackets, and modular support systems may add to total cost.

Estimated Price Range Based on current market data:

- Standard fire-resistant galvanized ladder trays: \$50–\$80 per meter.
- High-load or extended fire-rated trays: \$100–\$150 per meter.
- Custom or specialty trays (e.g., stainless steel, high humidity resistance): \$150+ per meter.

Supplier Options

- NewReach:** Offers fire-rated trays with galvanized steel, powder-coated finishes, and 2-hour fire resistance, suitable for industrial applications.
- Tianjin Baoli Gold Pipe Co., Ltd:** Factory-direct hot-dip galvan...
