

East African optical fiber cable manufacturer

AI Overview

Key manufacturers of optical fiber cables in East Africa include NiaFiber Africa Limited and YOA Cables, both offering a range of high-quality fiber optic solutions. NiaFiber Africa Limited is a prominent fiber optic cable manufacturer in East Africa, specializing in a variety of products designed for both indoor and outdoor installations. Their offerings include:

- ADSS cables: Non-metallic, aerial fiber optic cables suitable for installation along power lines, resistant to environmental factors.
- Duct fiber cables: Rugged cables for underground or overhead ducts, moisture-resistant for long-distance transmission.
- Air-blown micro cables: Lightweight cables for fast deployment through microducts using compressed air.
- FTTH indoor and outdoor cables: Compact, flexible cables for connecting homes and offices, with flame-retardant or weatherproof sheaths.
- Glass yarn armoured cables: Reinforced for protection against stress and rodent damage, ensuring durability in harsh conditions.

YOA Cables is recognized as Africa's largest optical fiber cable manufacturer, focusing on innovation and high-performance products for the African market. Key features include:

- Advanced manufacturing processes such as Fast Fusion Technology (FFT) for easier installation and reduced damage risk.
- A wide range of optical fiber products suitable for telecom networks, data centers, and enterprise applications.
- Emphasis on flexible applications and high-speed connectivity, catering to both indoor and outdoor deployments.

Market Overview The Middle East & Africa optical fiber market is growing rapidly, driven by increasing internet usage, 5G rollouts, and data center construction. South Africa, Kenya, and other East African countries are seeing rising demand for fiber optic infrastructure. Both local manufacturers like NiaFiber and YOA Cables, as well as international suppliers such...
