

Export Fiber Optic Fusion Splice Box 24 Cores

Overview

With a capacity of 24 cores, this fusion splice closure is ideal for high-density fiber optic networks, ensuring reliable and secure cable management. The HT-JX-2 box butt kit offers excellent waterproof performance, making it perfect for harsh weather conditions. It's mainly used for indoor wall-mounted installation. It provides a secure, organized, and protected environment for splicing, terminating, and managing fiber optic cables. Perfect for FTTH and FTTX networks.
