

High-density 19-inch chassis smart in stock

Overview

Efficiently manage fiber cables with the High-Density IANOS Chassis (1U). Supports up to 12 single or 6 double modules, supports 72 ports per 1U, compatible with EDR, features front/rear module fitting and horizontal opening front door. TPS develops custom 19" power cabinet solutions for high-density integration of programmable power supplies and industrial control systems. Depending on project requirements, cabinets can be. A 19-inch rack mount chassis is a standardized enclosure designed to securely house electronic equipment such as servers, networking devices, and audio/video gear in a vertical rack system. Sturdy aluminium housing with side panels and front 19"/3U mounting brackets. Pre-assembled with horizontal 84HP mounting rails to take a maximum of twelve 3U/7HP FO-DCS plug-in modules or front plates. The extractable excess cable length tray (1U) is equipped with a base and offers 2 big cut outs.
