

Lida Distribution Boxes Models and Prices

AI Overview

Lida distribution boxes are available in various models such as AB401/402/403 and MS705, with prices depending on material, design, and customization options.

Popular Models

Lida AB401/402/403: These are flat lock distribution cabinet door locks suitable for industrial cabinets and electric boxes. They are designed for secure access and are available for purchase on platforms like AliExpress, often with worldwide shipping and competitive pricing.

Lida MS705 Triangle Lock Distribution Box: Constructed from zinc alloy with a chromium-plated finish, this model offers high durability and corrosion resistance. It features a compact design, single key operation, and is suitable for industrial machinery and electrical cabinets. Customization options include logo, packaging, color, size, and material adjustments.

Explosion-Proof Distribution Boxes: Lida also offers specialized explosion-proof models designed for hazardous environments, ensuring safe and reliable power distribution.

Materials and Features

Zinc Alloy and Stainless Steel: Many Lida locks and distribution boxes use zinc alloy or stainless steel for robustness and corrosion resistance.

Compact and Modular Designs: Boxes are designed to fit efficiently in electrical setups, with modular options for industrial apparatus and control devices.

Customization: Lida provides extensive customization services, including logo, label, packaging, color, size, and material replacement.

Pricing

Prices vary depending on the model, material, and customization. For example, Lida AB401/402/403 locks are available on AliExpress with pricing typically starting at a few dollars per unit, while more robust models like the MS705 or explosion-proof boxes are priced higher due to material quality and industrial specifications. Bulk orders and OEM customization may affect pricing, and suppliers like Yueqing City Lida Locks offer flexible options for large-scale procurement.
