

Low-voltage cable tray manufacturers

AI Overview

Leading manufacturers like ABB, JLH Electric, Tech PI Solutions, and Atkore offer custom low-voltage cable tray solutions with tailored designs, materials, and sizes. Key Manufacturers and Suppliers

ABB manufactures a wide range of cable tray systems including perforated trays, cable ladders, channel trays, and strut framing. Their products are designed for durability, adaptability, and ease of maintenance, supporting both new installations and refurbishments across various regions . JLH Electric specializes in ladder-type cable trays suitable for low-voltage and high-voltage applications. They offer custom materials, sizes, and OEM/ODM services, with options in steel, stainless steel, aluminum, and FRP. Their ladder trays provide excellent ventilation and easy maintenance for heavy-duty cable support . Tech PI Solutions focuses on tailor-made low-voltage panels and cable trays. They are CPRI approved and ISO certified, providing high-quality, reliable products with advanced safety features. They also offer technical support, installation services, and project-specific customization for industrial, commercial, and residential applications . Atkore provides a variety of cable tray systems, including solid bottom and ventilated models, designed to securely hold and protect cables. They cater to industrial and commercial projects with customizable solutions .

Additional Sourcing Options Platforms like Tradewheel and ThomasNet allow buyers to explore global suppliers offering custom roll-formed cable trays, galvanized, waterproof, and fiberglass options. These platforms facilitate direct communication with manufacturers for bulk orders, pricing, and tailored specifications .

Considerations for Choosing a Manufacturer

- Customization:** Ensure the manufacturer can provide trays in the required material, size, and load capacity.
- Compliance and Certification:** Look for ISO, CPRI, or other relevant certifications for safety and quality assurance.
- Support Services:** Consider manufacturers offering installation guidance, technical support,...
