

Low-voltage cable tray manufacturers and sellers

AI Overview

Top manufacturers of low-voltage cable trays include KDM Steel, Legrand, Eurotray, MP Husky, and Basor Electric, offering a variety of materials and designs for industrial and commercial applications. Key Manufacturers and Offerings KDM Steel specializes in low-voltage cable trays made from aluminum, plastic, and galvanized steel. Their products are designed for flexibility, easy installation, and low maintenance, suitable for under-floor or underground applications. They offer perforated, powder-coated, and multi-conductor trays that reduce corrosion and toxic gas emissions, making them ideal for industrial environments. Legrand provides the Cablofil® Wire Mesh Cable Tray system, constructed from high-quality welded steel wire. These trays are widely used in data centers, oil platforms, and commercial installations, offering fast installation, strong support, and a range of accessories for complete cable management. Eurotray offers cable management systems including trays, mounting supports, and fittings for low, medium, and high-voltage cables. Their products are suitable for vertical applications, raised floors, and environments requiring high cable heating tolerance, such as data centers and food manufacturing plants. MP Husky manufactures a wide range of cable tray systems including aluminum, galvanized steel, stainless steel, fiberglass, PVC-coated, and wire mesh trays. Their products meet NEMA, UL, CTI, and CSA standards and are used across multiple industries for reliable and cost-effective cable support. Basor Electric provides cable tray and ladder systems with diverse materials and styles for commercial and industrial applications. They offer technical tools, BIM 3D models, and detailed specifications to integrate cable tray systems efficiently into construction projects. Considerations for Selection When choosing a low-voltage cable tray manufacturer, consider: Material:...
