

Namibian Optical Cable Brand Ranking

AI Overview

Leading optical cable manufacturers in Namibia include Swanib Cables, Cable Feeder Systems Namibia (CFS), and DB Space Namibia, recognized for their extensive product offerings and market presence.

Leading Companies

- 1. Swanib Cables** Swanib Cables is a market leader in Namibia, distributing electric and fiber optic cables to the mining, utilities, infrastructure, and telecom sectors. With over 20 years of experience, it serves multinational mining operations and other large-scale clients, offering a wide range of electrical and fiber optic solutions.
- 2. Cable Feeder Systems Namibia (CFS)** CFS specializes in advanced cable networking systems, including fiber optic cables for high-speed data transmission and long-distance communication. Their products support FTTH, enterprise, and backbone deployments, and they provide structured copper cabling systems from Cat5e to Cat6A. CFS also offers consultation, training, and certification for network installation.
- 3. DB Space Namibia** DB Space Namibia focuses on sourcing and distributing high-quality cabling products and bulk procurement solutions. They provide access to international brands and specialized equipment, supporting businesses with logistics, documentation, and supplier coordination. Their platform simplifies large-scale orders and ensures timely delivery.
- 4. Business Connexion Namibia (BCX)** While primarily an ICT service provider, BCX also delivers enterprise-grade cabling and digital infrastructure solutions across Namibia. They offer end-to-end management of IT environments, including fiber optic and structured cabling systems, supporting both public and private sector clients.

Additional Resources For a broader list of cable manufacturers and suppliers in Namibia, directories such as African Advice and WikiNam provide updated business listings, including contact information and service areas. The NamibiaYP database also lists the top verified cabling and fiber optics companies, which can be useful for procurement or partnership research.
