

New Power Distribution Box in the Bahamas

Overview

Starting in the Fall of 2024, the Bahamas Grid Company will conduct a significant upgrade project to improve the transmission and distribution system of New Providence. These are foundational upgrades that will result in greater power reliability and affordability for many. In partnership with Bahamas Power & Light (BPL), Bahamas Grid works around the clock to ensure that all customers in New Providence have access to reliable and affordable power each day. Follow our Facebook page to see the most up-to-date news on our project. We are pleased to provide this update for the ongoing improvements to the New Providence electrical grid and the significant reduction in outages to customers. This transformation won't happen overnight, but its impact will be game-changing. " Explore the New Energy ERA. tor in the history of The Bahamas. Lowering prices, and ensuring fair prices, for Bahamian homes and businesses. Ensuring job.
