

Palestinian Fiberglass Cable Tray Custom Manufacturer

High Quality Aluminum Housing with Compact Size

- Sturdy and Durable
- Anti-corrosion

AI Overview

Key Palestinian manufacturers of fiberglass (GRP/FRP) cable trays include Al-Najof Fiberglass, Brilltech Engineers, and Jeetmull Jaichandlall, offering durable, corrosion-resistant solutions for industrial and commercial applications. Notable Manufacturers

1. Al-Najof Fiberglass Al-Najof Fiberglass specializes in GRP (Glass Reinforced Plastic) cable trays, providing high-performance, non-metallic solutions for cable management. Their trays are produced via the pultrusion process, combining high-strength glass fibers with thermosetting resin to create continuous, durable profiles. They offer ladder, perforated, and trough-type trays along with fittings and accessories. Key benefits include superior corrosion resistance, high strength-to-weight ratio, and suitability for harsh environments such as chemical plants, coastal areas, and wastewater treatment facilities.
2. Brilltech Engineers Pvt. Ltd. Operating in Palestine, Brilltech Engineers manufactures cable trays using fiberglass, galvanized steel, and stainless steel. Their trays are designed for enhanced safety, easy installation, and improved airflow, making them suitable for both commercial and industrial projects. They provide perforated trays that prevent overheating and ensure optimal cable performance. Brilltech also offers installation support, system design assistance, and project consultation.
3. Jeetmull Jaichandlall (P) Ltd. This manufacturer supplies a wide range of cable trays in Palestine, including fiberglass options. They focus on high-quality finishing, durability, and compliance with industry standards. Their trays are available in various sizes, shapes, and colors, making them adaptable for multiple sectors. The company emphasizes customized solutions and maintains modern manufacturing facilities to ensure consistent quality.
