

Poland Outdoor Integrated Power Supply Solution 20kW

Overview

A Polish SME operating in the energy technology sector offers an autonomous mobile power supply system powered by renewable energy sources. The solution provides reliable, off-grid electricity with minimal maintenance and up to 90% reduced CO₂ emissions. EIEI POWER specializes in solar inverters, photovoltaic inverters, energy storage systems, storage containers, battery cabinets, solar cells, lithium batteries, and photovoltaic solutions for Polish and European markets. Our DC 12V-380V customizable solutions have earned the trust of over 20 major distributors. Electricity can be stored directly for a short time in capacitors, somewhat longer electrochemically in, and much longer chemically (e.
