

Price of cable tray fixing brackets from manufacturers

AI Overview

Cable tray fixing brackets are available from manufacturers at prices ranging from \$0.60 to \$0.80 per unit, depending on material, quantity, and supplier. Typical Manufacturer Prices Alibaba suppliers offer galvanized cable tray brackets at approximately \$0.60 per unit, with a minimum order of 1 piece, suitable for wholesale or resale. Bulk pricing examples from Chinese manufacturers include \$0.60 per meter at 1000m MOQ (Shandong Hongfeng Electric) and \$0.80 per meter at 5000m MOQ (Henan Zhongyu Yonghui), reflecting economies of scale for larger orders. Prices vary based on material type (galvanized steel, stainless steel), load capacity, and corrosion resistance. High-strength, fireproof, or seismic-resistant brackets may cost more.

Factors Affecting Price

Material and Coating: Galvanized steel is common and cost-effective, while stainless steel or fireproof-rated brackets are more expensive.

Order Quantity: Larger orders reduce unit cost due to bulk discounts. Minimum order quantities (MOQs) are often required.

Supplier Location: Asia-Pacific manufacturers dominate production, offering competitive pricing, while North American or European suppliers may charge higher rates due to compliance and shipping costs.

Standards and Certifications: Brackets meeting ASTM, NEMA, IEC, or local fire/building codes may have higher prices but ensure safety and compliance.

Purchasing Tips

Compare unit price vs. total cost of ownership, including installation labor and replacement frequency. Verify technical specifications such as load capacity, dimensions, and corrosion resistance. Consider OEM/ODM options for customized brackets to match specific cable tray systems. Check supplier reliability and certifications to ensure quality and compliance. By evaluating these factors, buyers can select cable tray fixing brackets that balance cost, durability, and compl...
