

Price of high-quality cable trays in Bissau EU

AI Overview

High-quality cable trays in Europe typically range from €20 to €150 per meter, depending on material, type, and load capacity. Factors Affecting Price

The cost of cable trays varies based on several factors:

- Material:** Hot-dip galvanized steel and stainless steel trays are more expensive than halogen-free plastic or GRP trays due to durability and corrosion resistance.
- Type:** Ladder trays, perforated trays, and wire mesh trays differ in price. Ladder trays for heavy power cables are generally higher in cost than perforated or basket trays.
- Load Capacity and Size:** Wider or higher trays designed for heavy-duty industrial use cost more. Custom dimensions or specialized designs also increase the price.
- Compliance and Standards:** Trays meeting DIN EN 61537, EN, and IEC standards for safety and durability may carry a premium.

Typical Price Ranges

- Plastic or halogen-free trays: €20–€40 per meter
- Standard galvanized steel trays: €35–€80 per meter
- Stainless steel or GRP trays: €80–€150 per meter
- Wire mesh or basket trays: €50–€120 per meter

These prices are indicative for European suppliers and may vary depending on shipping, local taxes, and bulk order discounts.

Recommended Suppliers in Europe

- Ekabel24 (Germany):** Offers galvanized steel, stainless steel, and plastic trays compliant with DIN EN 61537.
- OBO Bettermann Portugal:** Provides corrosion-resistant trays and fastening systems suitable for industrial and commercial applications.
- Eurostrut:** Supplies hot-dip galvanized and stainless steel trays with flexible configurations for indoor and outdoor use.
- Niedax Group (Germany):** Specializes in ladder and perforated trays for heavy-duty installations.
- Valdinox (Spain):** Known for wire mesh trays with fast installation and robust performance.

Purchasing Tips

- Request direct quotes from suppliers for Bissau delivery to account for shipping and import costs.
- Consider bulk orders to reduce pe...
