

# Price of right-angle elbows for cable tray covers

## AI Overview

Right-angle (90°) cable tray elbows are available starting at around \$1.30 per piece for bulk orders, with prices varying by material and supplier.

**Pricing Overview**

**Bulk Pricing:** On platforms like Alibaba, cable tray elbows can be purchased in bulk for approximately \$1.3 per piece, depending on the quantity and material selected (galvanized steel or stainless steel).

**Material Impact:**

- Galvanized Steel:** Offers strong durability and corrosion resistance, suitable for industrial and outdoor environments.
- Stainless Steel:** Provides superior corrosion resistance and hygiene, ideal for chemical or high-moisture areas.
- Aluminum:** Lightweight and corrosion-resistant, suitable for elevated or coastal installations.

**Types and Applications**

**Standard Angles:** Elbows are typically pre-fabricated in standard angles such as 15°, 30°, 45°, 60°, and 90° to facilitate smooth directional changes in cable tray systems.

**Compatibility:** These elbows are designed to work with solid-bottom, ventilated, or ladder-type cable trays and can be welded or seamless for minimal cable stress.

**Accessories:** Right-angle elbows are part of a broader range of cable tray fittings, including tees, crosses, bends, risers, and reducers, which help maintain structural integrity and efficient cable routing.

**Supplier Options**

- Alibaba:** Offers customizable elbows in bulk with various material options and finishes.
- Local Distributors:** Companies like RS Philippines and JLH Electric provide high-quality cable tray accessories, including elbows, with options for different load capacities and installation requirements.

When purchasing, consider the material, load rating, and environmental conditions to ensure long-term performance and safety. Bulk orders typically reduce the per-piece cost, while specialized materials or custom designs may increase pricing.
