

Professional Manufacturer of Large Span Cable Trays

AI Overview

Leading manufacturers of large-span cable trays offer durable, high-load, and customizable solutions for industrial and commercial projects. Key Manufacturers and Offerings

1. Canhope Steel Canhope Steel specializes in large-span cable trays designed for heavy-duty industrial and commercial electrical systems. Their trays are made from high-strength galvanized steel or stainless steel, providing excellent load-bearing capacity and corrosion resistance. They offer ladder type, perforated, and solid bottom designs, suitable for power plants, tunnels, subways, and petrochemical projects. The company uses CNC bending, laser cutting, automatic punching, and robotic welding to ensure precision and consistent quality, with modular designs for easy installation.
2. Tongyang Electric Tongyang Electric manufactures long-span cable trays with enhanced structural design and high load capacity. Their products are suitable for indoor and outdoor industrial applications, including petrochemical, textile, metallurgy, electric power, and underground projects like subways and civil air defense. The trays are engineered for long-distance cable routing, offering strong structural durability for demanding industrial environments.
3. Shandong Hongfeng Import and Export Co., Ltd. As one of the largest cable tray manufacturers in China, Hongfeng produces a wide range of cable trays, including wire mesh, trough, trapezoidal, large-span, and composite trays. They use materials such as stainless steel, aluminum, copper, zinc, iron, and fiberglass, and provide customized solutions to meet specific project requirements. The company holds ISO 9001, SGS, and CE certifications, ensuring quality and compliance.
4. Shandong Tianhong Electric Power Technology Co., Ltd. Tianhong is a leading manufacturer with over 20 years of experience, offering perforated trays, cable ladders, trunking, strut channels, and fi...
