

Professional large-span cable trays available in stock

AI Overview

Heavy-duty and large-span cable trays are available from multiple suppliers, including wire mesh, ladder, and solid-bottom types, with immediate stock and fast delivery options. Key Suppliers and Options

1. Grainger Industrial Supply Grainger offers aluminum cable ladder trays suitable for long spans and large-diameter cables. These trays feature side rails with rungs for flexible cable entry and exit, free airflow to prevent overheating, and lightweight corrosion-resistant construction. They are ideal for overhead or underfloor installations in industrial facilities, with real-time stock availability and fast delivery.
2. EAE USA EAE USA manufactures medium- and heavy-duty cable trays in pre-galvanized, electro-galvanized, hot-dip galvanized, and stainless steel. Standard lengths are 9.84 feet, with optional 19.68-foot sections for large spans. Their trays are reinforced using robotic welding for high load capacity and durability, suitable for indoor and outdoor industrial environments.
3. Platt Electric Supply Platt offers a wide range of wire basket, ladder, and tubular cable trays in various widths and depths, including heavy-duty options. Many items are in stock, such as 10-foot and 118-inch straight sections, with quantities ranging from a few units to over 100 per item. These trays support high-performance data and power cables, including fiber optic and Cat 6/6A installations.
4. Shilden Shilden provides stainless steel, galvanized steel, aluminum, and FRP/GRP cable trays for industrial, commercial, and offshore applications. Their product line includes ladder, perforated, wire mesh, solid-bottom, and channel trays. They offer custom solutions for large widths and heavy-duty cable loads, ensuring corrosion and fire resistance.
5. Legrand / Cablofil Legrand's Cablofil wire mesh trays are high-strength, easy-to-install solutions for heavy power cable pathways and data centers. They offer straight...
