

Singapore Flame-Retardant Optical Cable Brand

AI Overview

Norden is a leading manufacturer of flame-retardant fiber optic cables in Singapore, with additional suppliers including Cable Source and Infinite Cable System. Key Manufacturers and Suppliers

1. Norden Norden specializes in Double Jacket Multi-Loose Tube Steel Tape Armoured Flame Retardant Fibre Optic Cables, featuring FRP central strength members, PBT loose tubes filled with gel, aramid yarn, mica tape, and corrugated steel tape armoring. These cables are designed for direct burial and harsh environment installations, offering mechanical, rodent, and moisture protection, making them suitable for industrial and outdoor applications in Singapore.
2. Cable Source Cable Source provides fire-resistant and flame-retardant cables suitable for industrial, marine, and offshore applications. Their products include silicon single and multicore cables capable of withstanding temperatures over 100°C, with XLPE insulation and Class 2 or Class 5 stranded copper conductors. These cables are ideal for power, signaling, and data transmission in environments requiring high durability and fire safety.
3. Infinite Cable System (FireCare FR-LS series) Infinite Cable System offers fire-resistant and low smoke zero halogen (LSZH) fiber and copper cables certified for circuit integrity and fire resistance. Their products comply with BS 6387, IEC 60331, IEC 60332, IEC 60754, and IEC 61034 standards, making them suitable for emergency systems, railway projects, and other critical infrastructure where fire safety is essential.
4. Other Notable Suppliers Industry directories list additional fiber optic cable manufacturers in Singapore, such as FiberTek, Starview Technologies, Nera Telecommunications, Matrix Cable System, and ICF, which provide a range of flame-retardant, waterproof, and industrial-grade optical cables for data centers, 5G networks, and high-speed communications.
