

The smallest Huawei core switch

Overview

The Huawei S6720S-26Q-EI-24S-AC delivers—combining 24×10 GE access with 2×40 GE uplinks, rich Layer-3 competency, VXLAN support, and intelligent O&M tools. Huawei campus switches are ideal for building future-proof campus networks with simplified management, high reliability, and service intelligence, across industries such as enterprises, governments, education, finance, and manufacturing. CloudEngine data center switches — Ethernet switches widely. used as a core or aggregation switch on large- and medium-sized networks. □ The switch supports user-defined traffic forwarding modes, forwarding behaviors, and search algorithms. □ The switch has a built-in high-speed and flexible processor chip designed specifically for Ethernet. With flexible. Enterprise and campus networks seek compact yet powerful switches for demanding aggregation layers. Offers 24 full-rate 10 GE access ports plus. S6720-HI series full-featured 10GE routing switches are Huawei's first IDN-ready fixed switches that provide 10GE downlink ports and 40GE/100GE uplink ports. It can be used in. The Huawei CloudEngine S8700 Series represents the pinnacle of modular, core-level switching for large enterprises and data centers. With chassis models like S8700-04, S8700-06, and S8700-10, this series delivers unparalleled bandwidth (up to 16 Tbps), deep virtualization support, MACsec.

Huawei S6700 Series Switches Product Brochure

The S6700 can function as an access switch in an Internet data center (IDC) or a core switch on a campus network. The S6700 has industry-leading performance and provides up to 24 or 48 line

Choosing the 2025 Best Huawei Switch: Efficient and

Discover Huawei switches that deliver high-performance, stability, and scalability for businesses of all sizes. Get Huawei pricing and delivery information.

Campus Switches

Campus Switches Huawei S Series Switches fully accommodate metro core, aggregation, edge aggregation, and access networking requirements, and are

Why Is the Huawei CloudEngine 12800 Core Switch a Game

The Huawei CloudEngine 12800 Core Switch isn't just another piece of hardware—it's the silent powerhouse driving scalability, speed, and security for businesses navigating ...

CloudEngine 12800 Series Data Center Core Switches

Product Overview The CloudEngine 12800 (CE12800) series switches are next-generation, high-performance core switches designed for data center networks and high-end campus networks. Using

CE8800 Series

On data center networks, CE8800 series switches can function as high-density TOR/EOR access switches. When a small number of servers are deployed on a network, CE8800 switches can

Huawei S6720S Switch - Compact 10GE + 40GE Aggregation/Core

Enterprise and campus networks seek compact yet powerful switches for demanding aggregation layers. The Huawei S6720S-26Q-EI-24S-AC delivers—combining 24×10 GE access

S1700 Series Switches

S1700 Series Switches Huawei S1700 series switches are ideal for small to medium-sized businesses, Internet cafes, hotels, schools, and others. They are easy to

Huawei 10 Port Switch: What Makes It a Networking Game-Changer?

The Huawei 10 port switch isn't just about saving space—it's engineered for environments where every watt and square inch counts. Unlike 24-port behemoths, its compact

Huawei CloudEngine S8700 Core Switches | Modular

Explore Huawei CloudEngine S8700 modular chassis switches, designed for enterprise cores and data centers, these switches deliver up to 16

Huawei 8-Port Switch: Small but Mighty? Can Compact Networking

In an era where workspace real estate is precious and simplicity reigns supreme, the Huawei 8-port switch emerges as a silent hero for small to mid-sized operations. Whether you're ...

S1700, S2700, S3700, S5700, and S6700 Box Switches Products ...

It can function as an access switch in an Internet data center (IDC) or a core switch on a campus network. The S6700 has an industry-leading performance and provides up to 24 or 48 line

Huawei S6720-HI Series Switches Product Datasheet

Huawei S6720-HI is the first fixed agile switch with 10GE downlink and 40GE/100GE uplink ports. It supports in-depth wired and wireless convergence and unified management on devices, users, and

Huawei Core Switch: Network's Beating Heart? Can Centralized

Every enterprise network has a silent dictator—the Huawei core switch. Buried in server rooms or data centers, this unassuming device governs traffic flow between departments, cloud platforms, and

Ethernet Switches

Ethernet Switches After more than 20 years of unremitting efforts and stable development, Huawei provides extensive experience in Ethernet switches. With

CloudEngine S6750-H Series 10GE Switches

CloudEngine S6750-H Series 10GE Switches CloudEngine S6750-H series 10GE switches are Huawei's next-generation enterprise-class switches designed for

Huawei Enterprise Products & Solutions

Router-switch offers a wide range of huawei enterprise products and solutions for companies of all sizes. Also provides free technical support to help you.

Huawei Core Switch

Types of Huawei Core Switches Huawei's core switches are mission-critical networking hardware designed to manage massive data traffic and ensure high-speed, reliable routing across enterprise

HUAWEI eKitEngine S620 Series Switches Datasheet

used as a core or aggregation switch on large- and medium-sized networks. The switch supports user-defined traffic forwarding modes, forwarding behaviors, and

CloudEngine S5732-H-V2 Series Switches | Huawei

With these merits, the CloudEngine S5732-H-V2 can function as core switches for small-sized campus networks and aggregation/access switches for medium- and

SME Network Solution Typical Configuration Examples

"Gateway + Core Switch + Access Switch + AP + AR180" Networking: Huawei eKit
Cloud Management "Gateway + Core Switch + Access Switch + WAC + AP"
Networking: Local Entire Network

Netzwerk-Switches von Huawei

Ethernet-Switches von Huawei liefern Ihrem Unternehmensnetzwerk eine hohe Leistung, hohe Verfügbarkeit für resiliente Services und ein vereinfachtes

5G Compact Private Core Network Solution-Huawei

5G Compact Private Core Network is a lightweight core network product launched for the enterprise market. It adopts a highly integrated hardware platform and
