

Vanuatu Fiber Optic Cable Manufacturer

AI Overview

Key fiber optic cable providers in Vanuatu include Cetelnet, Interchange Limited, and Prima. Cetelnet is a leading fiber optic supplier in Vanuatu, offering a wide range of products and technical expertise for ISPs, telecom operators, enterprises, and public sector clients. They supply single-mode and multi-mode fiber cables, patch cords, pigtailed, and weatherproof splice closures suitable for Vanuatu's climate and deployment needs. Cetelnet supports network installation, expansion, and maintenance, making it a primary local source for fiber optic infrastructure. Interchange Limited (ICL) is a Vanuatu-based company that owns and operates the Interchange Cable Network, a series of subsea fiber optic cables connecting Vanuatu to Fiji, Solomon Islands, and New Caledonia. ICL provides FTTH (Fiber to the Home) technology, national leased lines, and wholesale bandwidth solutions. They are heavily involved in national connectivity projects and subsea cable upgrades, including partnerships with Alcatel Submarine Networks for cable enhancements. Prima is a telecommunications and data infrastructure firm based in Port Vila, Vanuatu. They operate satellite teleports, international subsea fiber optic cable systems, terrestrial fiber networks, and data centers. Prima is collaborating with Alcatel Submarine Networks to deploy the SMART cable system connecting Vanuatu and New Caledonia, which will enhance digital connectivity and environmental monitoring in the Pacific region. Summary For fiber optic cable manufacturing and supply in Vanuatu, the main companies are: Cetelnet – local supplier of fiber cables, connectors, and installation materials. Interchange Limited – owner/operator of subsea fiber optic networks and national connectivity solutions. Prima – provider of subsea and terrestrial fiber networks, data centers, and SMART cable projects. These companies collectively cover local supply, national infrastructure, and international subsea connectivity, making them the primary fiber...
