

Where can I find Asian electrical distribution boxes

AI Overview

Asian electrical distribution boxes can be sourced from leading Chinese manufacturers such as DOHO, OOHMAGE, JUNON, SASSIN, and ETEK Electric, offering both standard and customized solutions. Leading Manufacturers and Suppliers DOHO Electric is a major Chinese manufacturer providing a wide range of distribution boxes for industries like solar energy, wind energy, data centers, and new energy vehicles. They offer both standard and custom solutions, with products certified by UL, CSA, TUV, and CE. DOHO also provides OEM/ODM services and 24/7 online support for global customers. OOHMAGE specializes in high-precision electrical distribution boxes for residential, commercial, and industrial applications. Their products feature high-quality DC components for safety and reliability, and they offer tailored solutions to meet specific operational requirements. JUNON Electrical offers the V8+ series of distribution boxes suitable for low-voltage networks. Their boxes include features like adjustable installation depth, guide track support plates, and push-button on-off switches for easier operation and enhanced safety. SASSIN International Electric Shanghai provides wholesale distribution boxes and supports OEM/ODM customization. They cater to clients with special design requirements and offer professional service at competitive prices. ETEK Electric supplies distribution boards in both plastic and metal enclosures, including options with main switches, RCDs, and RCBOs. Their products are suitable for a variety of power distribution systems. Key Considerations Certifications: Look for UL, CE, TUV, or CSA certifications to ensure safety and compliance. Customization: Many manufacturers offer OEM/ODM services to meet specific design or operational needs. Application: Choose boxes suitable for residential, commercial, or industrial use, considering voltage, current rating, and e...
