

Where to go for fiber optic splice boxes

AI Overview

Fiber optic splice boxes can be purchased from specialized online retailers, distributors, and major e-commerce platforms, offering a wide range of enclosures for indoor, outdoor, aerial, and underground applications. Online Retailers and Distributors

FiberOptic Supply: Offers a broad selection of fiber optic products including splice enclosures, trays, and accessories. They provide both bulk and individual items suitable for telecom, data centers, and industrial networks. Located in Denver, CO, they ship nationwide and can be contacted at (800) 322-4525 (Monday–Friday, 7:30 AM–4:30 PM).

Graybar: A trusted distributor of fiber optic splice closures, including CommScope, Corning, and Panduit products. They offer a variety of enclosures for different fiber counts and installation types, with online ordering and shipping options.

Primus Cable: Provides vertical and horizontal fiber splice closures, hermetically sealed for aerial and underground use. Their products include dome enclosures, inline closures, and optical terminal enclosures, with hardware included for easy installation.

Fibertronics, Inc.: Offers a wide range of splice closures and trays for secure fiber management. They provide same-day shipping and support for FTTH, data centers, and large-scale telecom networks.

Multilink: Specializes in outdoor and aerial fiber optic enclosures, including Starfighter™ and Optima™ series. Their closures are designed for easy deployment, high durability, and compliance with Telcordia GR-771 standards.

Fiber Savvy: Carries hermetically sealed fiber splice enclosures for aerial and underground applications, including dome and inline types. They provide enclosures with 24 to 288 single fusion splice capacity and include necessary hardware for installation.

E-Commerce Options

Amazon: Offers a wide variety of fiber splice boxes and enclosures, including IP67/IP68 rated outdoor boxes, wall-mountable enclosures, and kits with splice trays and pigtails. Products range from small 1–4 port boxes to larger 24-core or 48-core enclosures.
